Central Council Representative	Rupert Littlewood
Ordinary Committee Members	Harry Baulcombe Andrew Hills Helen Herriott Sophie Middleton Jacqueline Bale (co-opted)
Librarian	Thomas Wood
Steeplekeeper	Andrew Hills
Webmaster	Jacqueline Bale

Master's Report

Practices have been well attended, but varied throughout the year with ringing ranging from Glasgow and Belfast to Rounds and called changes. Sunday ringing has remained relatively poor and still heavily reliant on a few stalwarts with 6 ringers or even 4 being unfortunately still common. We entered and hosted the SUA competition and saw UL bands coming 3rd and 6th in the 8-bell competition and 4th in the 6 bell. Unfortunately, we came last in the Tewksbury Shield for the second year running.

Four tower bell society peals and one quarter peal were scored over peal weekend, being one of the most successful peal weekends for a number of years. We rang successful quarters on our allotted Sundays at St Barts on three occasions and St Clement Danes once during the year.

Peter Jasper on behalf of Elizabeth Stokoe

Secretary's Report

Social events this year have been many and varied. In the summer we had Treasure Hunt Bingo around the Square Mile followed by the annual picnic in Regents Park which involved probably more exercise than most of us do in the rest of the year put together, luckily balanced out with huge amounts of food and generous doses of Pimms.

Being the 65th Anniversary since the UL was founded on 12th October 1945, a birthday party was held to celebrate with crisps, biscuits, jelly and sausage rolls as well as the obligatory party games, "Pin the tail on the Ollyphant" being a particular favourite! In addition to this a 65th Birthday Quiz was organised and almost held, however it has been rather a victim of circumstances and hopefully will go ahead later this term. Over the year UL members have taken the opportunity to broaden their cultural horizons. Just before the summer we had a theatre trip to see Oliver! in the west-end, followed for most, by a generously portioned meal at Wong-Kei's. In September, members attended Proms in the Park, complete with waving flags, picnic and Pimms and sang their hearts out to an assortment of classics including Jerusalem and various Abba hits. Slightly less highbrow but just as enjoyable were trips to see the first instalment of the last Harry Potter film and Ceilidh dancing at Cecil Sharp house.

This year there have been new members in abundance, and the Freshers' Reception held at the Walrus and Carpenter was well attended, with one fresher managing to turn up, having completely missed the practice beforehand! Inter-society mingling at SUA in the autumn was based in London and included a disco in the Church Hall on the Saturday evening and an unintentional overnight stay in the ringing chamber for a couple of UL members.

The annual dinner in November was organised by Clara and Jenny Holden and was held in the Balls Brothers on Mincing Lane at a slightly earlier time than usual to allow for more action on the dance floor before the night ended. In contrast to the previous year everyone was very well behaved and the organisers were not required to do any clearing up afterwards, much to their relief! Plenty of food being a theme this year, the Christmas practice was more than amply supplied by the generous offerings from attendees and has ensured that no UL member has been in danger of starving to death during practices last term! The pancake party hosted by Rupert and Jenny in March was a great success, especially the Double-L special of condensed milk and magic stars filled pancakes.

Unfortunately several members have died this year, these being Geoffrey Dodds, Robin Trebilcock, Patrick Matthews and Bob Whitworth. To balance this out we have also had 10 new members: Jenny Lane, Liz Hibbert, Harry Baulcombe, Helen Herriott, Michael Crockett, Jo Murphy, Sarah Garlick, Jenny Willis, Katharine Young and Sophie Middleton. Finally congratulations go to Martin Cansdale and Becky Sugden, Andy Bradford and Kate Gardner and to Dickon Love and Przemyslaw Benonski on their engagements this past year.

I have enjoyed being your secretary this year and would like to wish the next secretary the best of luck and hope that they will be more successful in persuading you lot to turn up to things!

Mariko Whyte

Treasurer's Report

As always the UL funds are looking healthy, and we even made a slightly larger profit this year of £45.14 compared to £27.00 last year. There are of course the usual few ups and downs with regards to income and expenditure. Donations from peals and quarters have doubled this year compared to last year (up from £32.00 to £77.95), which is evidence of the popularity of Hart Street as a peal/quarter peal tower. Tower donations from visitors appear to have doubled this year as well, from £61.00 to £123.00. This is partly due to the generosity of visiting bands, and also the increase in number of visitors. Sadly, steepleage has fallen by 50% from £139.48 last year to £71.37 this year. The main reason for this is the lack of older members turning up to practices, and we also seem to have had fewer visitors coming along to Thursday night practices.

The Girl Guides handbell session was quite a nice money-maker, bringing in £100 for the UL. If invited to we should definitely do the session again, and also make use of any other similar events that we might have an invite to.

There were 11 new members this year, up on the 7 we had last year. This obviously means that income from membership fees has increased.

The profit on T-shirt sales increased significantly from £18.20 to £55.38. This was mainly due to the fact that a lot of people didn't pay for their clothes last year and instead paid for them late this year. There was a tiny profit from the Treasure Hunt organised by Jacqui and Heather, of £1.19. The total interest gained on the UL accounts this year was £0.52, just over a third of last year's value. I'm sure we can all work out that this change is due to the country's economic situation.

We can all give the secretary some evils for nearly doubling the UL's spending on Ringing World adverts from £69.13 to £114.96. May the new secretary be a little more miserly with her words. The Ringing World subscription has gone up by £5 this year to £60; however the cost of binding them went down by £5 to £55.

Some of you may be a little worried about the £48.23 loss on the Anniversary glassware, but let me reassure you that this is purely to do with the fact that a significant number of people had not paid for their glasses by the end of March. I think there may still be a few glasses available to purchase, and once they are all sold there should be a small profit for the UL.

I'm not sure how many of you are aware of the problems we've had with post being delivered up the tower, but there were a few things which were delivered late or not at all in the case of some of the bank statements, which is one of the reasons this report has been delayed. You may notice on the accounts that the handbell insurance was not paid before the end of the financial year as it should have been, and the reason for this was that the renewal notice did not arrive in the tower until mid April. I can assure you all that it has now been paid and will therefore appear twice in next year's report.

The website expenses went up from £57.48 to £58.73, which is obviously due to a slight increase in charges from the company due to inflation etc.

The 65th Anniversary birthday party cost the society £43.95 for all the food that was eaten. This was a one-off expenditure to celebrate a landmark year for the UL, and as far as I know will not be repeated every year.

There were a couple of other one-off expenditures due to UL behaviour. The replacement gavel cost £60.00, and the society also contributed £40.00 to the repair of the lock at St Mary-le-Bow, which was apparently broken after the UL rang there on Dinner Day last year.

Two years' worth of Central Council subscriptions were paid for this year, making the total £40 instead of just £20. Striking competition fees appeared to have decreased from £45.00 to £15.00. This is because the London 12-bell Entry fee has been paid by Olly, but not yet claimed back.

The £20.00 in the petty cash account is the un-cashed cheque for the Central Council subscription, which has now been handed over by Rupert.

All in all it was another good year for the UL funds, with a closing balance of £2758.98. May the year ahead be just as fruitful!

Hellen Richardson

Auditor's Report

I have examined all the documentation supplied to me and I am pleased to report that it supports the view of the accounts presented above.

Roger Bailey

Trustees' Report

The Society's main assets are listed below:

Library *
 Set of 14 handbells with box
 Gavel with box
 2 wooden clapper ties (for bells 3 and 6)
 Set of 8 muffles
 Set of 6 fold up wooden chairs
 2 cupboards
 Various sports equipment
 Vacuum cleaner
 2 tool boxes containing tools
 3 notice boards
 1 peal board
 Various pictures, certificates and photographs

* The library includes books about ringing (and pond life), journals (mainly the Ringing World), various Society documents such as Annual Reports and certain other items. The vast majority of items in the library can be borrowed by Society members (contact the Librarian). A full catalogue can be downloaded from the Society's website (www.ulscr.org.uk) and a hard copy is available in the tower at St Olave's, Hart Street .

Andrew Bradford and Katherine Town

Membership Secretary's Report

It is with regret that I report the loss of 4 former members through death.

Geoffrey Dodds from St Albans rang in, and indeed conducted, the Society's first peal – Plain Bob Minor at Norwood Green in 1946. He rang 4 further peals for the UL, the last of which at Shoreditch in 1971 was the Society's 250th.

Geoff joined the UL as a life member in 1945/46, having studied at Chelsea College (now incorporated into King's College London). Whilst on national service with the RAF, he was paid a shilling an hour to run a course on bellringing for "bored erks" and he continued teaching new ringers and bands for the rest of his life. His professional career involved working as a rocket scientist – I'm sure there's a joke here somewhere – with a focus on guided missile systems. On retirement, he wrote a new edition of *The Church Bells of Hertfordshire* and continued to involve himself in bellringing projects as well as his other lifelong passions of steam locomotives and canal boats. He died on 31 January 2011 at the age of 85.

Robin J Trebilcock was also a physicist by training. He joined the Society as a life member in 1957/58 whilst at Northampton Engineering College (now City University). His career as a nuclear physics researcher and lecturer led him to South Wales where in 1982 he was appointed to set up a tertiary college in West Glamorgan, which he led through various organisational changes until he retired in 1998.

Robin rang regularly with the UL during the late 1950s and early 1960s. He rang 23 Society peals including one as conductor. He met his wife some 48 years ago, apparently through a friend who knew two nurses who could get them free coffee. Robin later commented that although the coffee was very good, in the end it turned out to be quite expensive. He died on 4 March 2011.

Patrick L J Matthews joined the Society as a life member in 1982/83. He took a degree under the University of London External Programme. As far as I can tell, Patrick was not an active member of our Society. It seems he joined so that a UL peal could be rung by resident members of the Salisbury Diocesan Guild in 1983, which was duly scored. However, he was active in other ringing societies most notably the Guild of St Agatha, which he was instrumental in establishing and for which he served as president for 25 years until his death on 31 March 2011.

Bob Whitworth joined the Society as an annual member in 1956/57 and left in 1957/58. Again, I can find little details of his involvement with the Society. However, he served as tower captain at Rushden, Northants for 40 years and was active within the Peterborough Diocesan Guild. He died in January 2011.

I rely on word of mouth and the Ringing World notices and obituary pages to identify members who have died and I'm sure there are many missed each year. As usual, I'd be grateful if people could let me know if they become aware of any members who have passed away so that I can update the membership database and include a brief obituary in future reports.

The last year has seen 10 new life members join the Society:

- **Jenny Lane** – who undertook a Medical Placement at Barts Hospital (part of Queen Mary, University of London)
- **Liz Hibbert** – who obtained an MA in Historical Research at Birkbeck College and a BA in Russian at the University of Westminster
- **Harry Baulcombe** – studying Theology at Heythrop College
- **Helen Herriott** – undertaking an MSc in Spatial Planning at UCL
- **Michael Crockett** – studying Mathematics and Business at Kingston University
- **Jo Murphy** – who is at King's College London taking a Masters in Modern History
- **Sarah Garlick** – studying Medicine at Barts (again part of Queen Mary, University of London)
- **Jenny Willis** – studying Human Sciences at UCL
- **Katharine Young** – who is at Queen Mary, University of London studying Mathematics
- **Sophie Middleton** – studying Medicine at Imperial College.

Jenny (Lane), Liz, Harry, Helen and Michael had their membership ratified at the AuGM in November 2010. Jo, Sarah, Jenny (Willis), Katharine and Sophie were ratified at the AGM in May 2011. I'd like to formally welcome all of them to the Society.

I will end with my usual request for members to please let me know whenever their contact details change, and a general reminder about the UL_alumni Yahoo! Groups mailing list which is for those members who wish to maintain relations with the Society but don't want the day to day contact offered by the main UL list.

Michael Trimm

Librarian's Report

We have a library, but I do not believe there were any movements with books being either borrowed, returned or donated during the year. I imagine that the new Librarian will see the need to re-catalogue the library to see whether the above is true!

Peter Jasper on behalf of Thomas Wood

Steeplekeeper's Report

Position of steeplekeeper changed during this year from Guy Atchison, who received a better life offer, to me. He admitted doing nothing during the summer holidays!

Routine maintenance and inspections been carried out during the course of the year. The bells are still in the tower and ringable. Small cracks have appeared in the 6th's stay, parallel to the grain but have become no worse during this year.

The instillation of a beehive on the roof has led to some controversy as the ringing chamber door cannot now be opened during periods of warm weather or for people to wander onto the roof. Instillation of a bee net needs to be agreed with the PCC or church office and funding found as necessary.

The bush adjacent to the tower door has been 'pruned' (thanks to the influence of London Pride on Nick Hartley) to allow slightly better access to the tower door, unfortunately...

Thank you to anyone who helped during the year.

Andrew Hills

Treasure Hunt

Saturday, 12th June 2010

The treasure hunt this year was organised by Heather and Jacqui. It was based on the Square Mile, which basically means that most of the answers to the questions could be found within the Square Mile. I say most, as one of the organisers assumed the Square Mile was actually a square, and failed to look up the actual City boundaries, so there were a few odd questions from outside the perimeter. The weather happened to be kind to us for another year of hunting, as the sun shone brightly all day. It was perfect weather for charging from one end of the City to the other, and hunting up and down streets for the answers to the various questions.

The event started at 10.30, in the Crosse Keys on Gracechurch Street. Those of us who attended were split up into groups of around 6, and Heather then handed out the question packs. One team in particular was especially keen, and had arranged to get to the pub early in order to have a team bonding session before the event. However, as the most key member (the one in charge of cucumber sandwiches) arrived after the treasure hunt had actually started, due to being out drinking till 7am, the bonding session didn't go entirely to plan.

We all eventually went our merry ways (most of us after a hearty Wetherspoons breakfast) to seek out the objects that held the answers, be they walls, statues, plaques, or a hand-written sign stuck in a window behind a plant pot (asking people not to urinate in a certain place does undoubtedly encourage them to do so!). Some of the answers were extremely well hidden. One answer was written on a plaque which was covered up by scaffolding. Some lucky few who were the right height and rather eagle eyed, managed to not only spot the plaque, but by moving up and down and swaying, the words on the plaque were made visible through the scaffolding. Nick Hartley's ego will never let us forget that he was the one who persisted and found a very well hidden answer by the Dutch church, when everyone else had given up. As always, there was a bonus round and tie-breaker challenge. The bonus round mainly consisted of how many comedy photos could be taken throughout the day, and the tie-breaker was to take photos of the Ward signs for as many City Wards as possible.

After much to-ing and fro-ing across the City, and a few stops for elevenses, lunch, afternoon tea, etc., we all ended up at the Blackfriar, where Heather and Jacqui were waiting for us. The answer forms were handed in, the photos were shown and given a score, and all the marks were tallied up. The winners this year were Clara, Quentin, Tom Wood, Tom Sibley and Mariko. Their prize was a box of chocolates each, and being allowed to gloat for the foreseeable future. The results were slightly controversial due to accusations of cheating (i.e. a team splitting up to answer questions) which had absolutely no merit, especially as the winning team spent the entire day splitting up when people went off to ring for weddings. The evening ended in much revelry as all UL events are inclined to do. There was a visit to the Hare and Tortoise for many UL members, and some hard-core few of us ended the night with a trip to not only the Southwark Tavern, but also the Blue-Eyed Maid.

All in all it was a very enjoyable and very successful day. A huge thank you from all of us to Heather and Jacqui, and well done to the winners – may their heads not get too big!

Hellen Richardson

Annual Picnic

Sunday, 13th June 2010

We all gathered at the northern end of Regents Park near Camden Town at 11.30 with a nice sunny day for the annual picnic. As usual the organiser had asked people to bring certain foods and drink, and there was a good turnout of 15 or so ULers past and present! Rupert's exuberance meant that games were played thick and fast, most involving some sort of ball, which is not usually the case for the average sporty bellringer....! We played "down on one knee" and football and then started eating. There were relay races with kitchen utensils and some epic cricket with an old couple sitting on the bench as the spectators. As dusk fell we headed to Quinns in Camden for some further refreshments. The session was not epic but enjoyable nonetheless, and there were some reports of Hellen falling asleep in her cider.... Thanks to the organisers for another great picnic!

Rupert Littlewood

Oliver! Theatre Trip

Tuesday, 22nd June 2010

With the UL considering themselves a most highly cultured society these days, it seemed high time that London's Theatreland was graced with our presence again. So our secretary, Mariko sent out an e-mail asking who will buy tickets for the classic West End production of Oliver!

Now after spending a short time reviewing the situation, I decided that I'd do anything to have the chance to see such a great show and promptly paid for the tickets priced at only seven guineas (that or thereabouts). And I wasn't the only one, in fact you could say that never before have the UL wanted more to get their hands on theatre tickets with no less than 17 people who begged, borrowed or cadged the money (I'm afraid it don't grow on trees you know) and met up in the Chandos for pre-theatre drinks and I'm pleased to report that the Sam Smiths was living up to its usual reputation of large measures, no skimping if you please. Nick Jones also enjoyed a small snack between his three banquets a day to "keep him going" until the inevitable post theatre meal.

It was a lovely evening, in fact I'd go as much to say that I'd never seen a day so sunny in London (it could not happen twice) as we walked to the Theatre Royal, Drury Lane and took up our seats for the show. The production was fantastic starring Kerry Ellis as Nancy and Russ Abbot as Fagin who when shouting at his gang used the beautiful line "Shut up and drink your gin", a phrase that could probably be used to good effect at future UL AGM's!

After the show, a huge dither debating what everyone was going to do and where they were going to go resulted in certain people threatening that they shall scream unless a decision was made quickly. It was eventually suggested that since Jones had worked up a new appetite in the interlude (and nobody else had eaten at all that evening) we go for some food, glorious food. Now, not a crust nor a crumb could be found at an affordable price immediately outside the theatre so we headed for that old UL stomping ground of Wong Kei's Chinese restaurant. I led the way and after bowing to suggestions that we'd walked about as far as Timbuktu and back again, I decided that the Chinese probably wasn't underneath the willow tree that I'd been dreaming of so we resorted to using Nick's legendary compass. Fortunately we did then find it, otherwise I feared that would be my funeral. A good meal was had by all enlivened once again by the Master (who doesn't say the things she should especially when she's been on the gin or the beer) asking, among other gems, who invented the boat!

Having eaten right through the menu and seeing that nobody is particularly handy with a rolling pin when the landlord comes to call, we decided against enjoying the fine life further in a local hostelry and instead headed home hoping we would be back soon to the West End on a UL trip. Thanks must go to the organiser and, if this trip is anything to go by, please Mariko, can we have some more?

Peter Jasper

Cycling Tour – North Dorset

24th-26th July 2010

This year, the Early Summer Tour was organised by Guy Atchison and saw an intrepid collection of UL members head to North Dorset for a weekend of ringing and socialising in the beautifully sunny climes of God's Own County. The only catch was that instead of the usual church hall floor and using cars to get around, we camped out in Guy's back garden and everybody needed to bring a bike to get between the towers!

The tour saw us ring at a variety of lovely Dorsetshire bells (what other kinds are there I hear you cry) as well as meeting some local donkeys, crashing a village fete and drinking more Badger beer than I care to remember. In the evenings, several, rather shattered UL members returned back to Holwell to be treated to the most amazing barbecue meal I had ever seen. With the food washed down with barrel loads of beer and cider, the evenings activities went on to include various party games and singing in true traditional UL manner.

The following day saw service ringing at Holwell and a quick visit to the oldest working postbox on mainland Britain. The afternoon saw more garden games with the UL showing incredible lack of ability at Archery, Table Tennis and Croquet among, no doubt many other sports! All too soon we had to say our farewells to Guy and his family and head back home, but I certainly hope that the success of this tour will encourage many more Summer Cycling Tours!

Peter Jasper

T' Summer Tour – Oop North

18th-24th September 2010

I awoke bright and early, raring to go and hot-footed it out to Kings Cross to catch the 8:10 train to Leeds. Unbeknownst to me Tom Wood and Hugh were also on this train and so, enlightened to this fact a while later, I went to join them, mildly concussing those I passed with my bag. The tour had an inauspicious start when an announcement was made that the line to Leeds was blocked due to a person under a train and the train would be terminating early. This led to a lot of detours and resulted in our arrival at Silsden about 40 minutes later than planned. Jacqui and Chris had arrived by car just before us, having returned from the vital beer run to the Copper Dragon brewery, and together we went to join Roger and Lucy in the nearby greasy spoon for breakfast. We were soon joined there by Luke and Tom Sibley who had come by the later train.

Having been assigned our boats, we then swapped. Lucy had put her bags on the wrong boat and was unwilling to move them. Sailing aboard Ian's Drum was Mariko, Jacqui, Chris, both Toms and Hugh while Isla's Drum was manned by a scanty crew consisting of Roger, Lucy and Luke.

Our first task once both crews had taken their positions was to turn both the boats around. Isla's Drum (plus Tom Wood) motored off rapidly to the advised turning point, about 6 minutes away, and Ian's Drum followed soon after. Under the expert guidance of Captain Spalding we steered a steady course up the canal, and turned around, eventually by having Chris and Tom Sibley jump off and haul the boat around. Wondering where the other boat was, we phoned them and found that having been through several swing bridges they still hadn't reached the turning point...

After the highly successful(ish) manoeuvring, it was Chris's turn at the helm. It was then that we first encountered one of the major hazards of the canal. Twice. Having finally got ourselves free and away from sandbanks, with Hugh once more at the helm, Chris made the noble decision to save us all from the evils of gambling by pre-empting the inevitable sweepstake and took a leap of faith towards the boat, and missed. We had been on the water for but 20 minutes, a tough record for any future UL canal boat trips to beat. Not only that but he managed to lose his phone, and had to buy a new one for the second time on a UL trip this year!

A peaceful (relatively) journey on our plotted course followed and we travelled onwards (with only a brief pause while Chris "put his hand in the old girls hole" [prop shaft] and retrieved a pair of lacy black knickers), with a good tailwind to Crossflatts where we would drop anchor for the night. Unfortunately, as we neared our destination we were taken by the other boat that passed us at a great rate of knots steered by Luke. They were on the way to collect another of their shipmates, Alex, at Crossflatts who, due to the lateness of our arrival had been forced to sit hour after torturous hour in a pub with nothing to do but drink beer.

Day 2 - Sunday 19th September

The day began bright and early with a train journey from Crossflatts to Keighley. In a flash of genius Chris, Jacqui and Mariko decided to reach the station via an obvious "shortcut"... I mean, we could see the station from the canal. A clamber through a hole in a fence, a wade through long wet grass, a walk along the dual carriageway and a scramble over the wall later we had to concede that the more conventional route was indeed quicker. A nice ring at Keighley was had despite the extreme length of the ropes that prompted JW to ring kneeling down! Here also was the first demonstration that all was not as well as it could have been in the Stedman stakes... A brief dither occurred during which some hungry members of the party indulged in a second breakfast from Greggs, resulting in Luke's consumption of a chicken mayo, and sausage roll sandwich. A steam train ride to Oxenhope followed, with a copious amount of jaffa cakes consumed. Ringing at Oxenhope was enjoyed with Stedman Triples fired out in top style. A steam train ride again to the next destination, Haworth where I'd Rather Be In The Tavern Treble Bob Minor was successfully rung. Following this the evening ended with drinking and a curry in Bingley where Luke surprised everyone by having 10 popadoms for dinner rather than the expected 10 currys.

Day 3 - Monday 20th September

Monday started early with a cruise to Bingley. Here was the home of the largest flight of locks we would encounter, the Bingley 5-rise and the Bingley 3-rise. During this time lunch was eaten on the boat leaving us ready for an afternoons ringing. Firstly at Idle, home of the Idle Working Mens' Institute and of course an important photo stop! The next tower was Ilkley, the town with the eponymous moor and the opportunity to traverse Ilkley Moor bah t'at was taken up by a few who got off the train early to go for a quick walk. A rather unsuccessful ring at Ilkley followed during which I think almost nothing came round until the

local returned when thankfully we managed to acquit ourselves creditably. Drinking and pies in the Bar t'at followed before a train back to the boats where the evening ended in Bananagrams, Uno and gin.

Day 4 - Tuesday 21st September

Breakfast issues were experienced on Tuesday morning when in addition to the usual greasy bacon smoke, we also had the acrid black fumes of burnt plastic due to the bacon packet itself becoming involved. Jacqui's steering skills resulted in a collision with a very large boat full of people trying to enjoy their breakfast and caused Chris to lose the majority of his pint in a bush. A shag uphill later we had a ring at Calverley followed by a series of locks which caused Nick to appreciate the pressure of water behind lock gates as it poured in on top of him! Isla's drum was also involved in a nasty incident involving a daring overtake resulting in their immobilisation on a sandbank while we steamed ahead. An innocent passer-by narrowly escaped with her life as a barrier for a swing bridge was almost dropped on her and a ring on the light 6 at Saltaire ended the day before returning to the delights of Fanny's Ale and Cider House.

Day 5 - Wednesday 22nd September

A quiet cruise to Bingley allowed us to ring at the only tower on the tour with a full set of Yorkshire tail-ends. These were difficult to handle for those with small hands! After this we ascended the 5-rise and 3-rise locks again and cruised to Kildwick where we rang at St Andrew, a nice 8. A cruise to Skipton and a delicious dinner cooked to Jacqui's mum's "Easy Dinner party Chicken" recipe was enjoyed (the casserole dish and an improvisation including the fruit bowl - to cope with the extra - had to be employed!) followed by an apple and blackberry crumble (constructed from apples collected from the canalside earlier that day) and the inevitable gin and games. On Wednesday night, the other boat also eventually gained another crew member in the post of Ship's Dog.

Day 6 - Thursday 23rd September

Ringin' occurred at Gargrave and Settle, during which I believe one of the touches of Stedman actually came round. A plan was formulated on our boat for a proper breakfast on what would be the penultimate morning of the tour. A trip to the supermarket and the butcher yielded many delights including sausages, bacon, square sausage, black pudding, white pudding, hash browns, tomatoes and eggs. Spaghetti bolognese cooked by Poodle was enjoyed followed by games in the boat including Bananagrams, which Lucy proved far too adept at and also "Gee's Game" as proposed by Peter which involved lots of bits of paper and clues such as "the trad".

Day 7 - Friday 24th September

The day of the Big Breakfast dawned and operations began at 8am on the dot. Chris took charge as head chef, ably assisted by the Poodle and somewhat hindered by Mariko. By 9:15 a great (fruit) bowl of pig meat in all its forms was prepared and the participants took their seats. With great reverence a large helping was distributed to each member of the crew who took up their forks and ate... By about a quarter of the way through it became clear to most that sights had been set rather too high. Jones of course had no trouble demolishing his portion and was on seconds before most had even so much as glanced at a sausage and kudos to Sibley, he finished too. For everyone else defeat was admitted and we set off to ring at Skipton leaving an aromatic trail of burnt saturated fat behind.

Upon return to the boat a scene greeted our eyes, similar to that found by those who had discovered the Mary Celeste as half finished breakfasts littered the table. Thankfully all that early exercise had quite returned the appetite and breakfasts were finished. With the help too of the other boat (well done Dixie!!) the still half full bowl of meaty goodness was also demolished.

The day continued with a cruise to Snaygill and a tour of the high tech Copper Dragon Brewery with a mildly sexist MD (can you guess how many kettles in your kitchen would be needed to produce that much steam ladies?). Lunch in the brewery bistro was enjoyed with a free pint and we reboarded the boats ready for the final leg of the journey back to Silsden. Arriving first our boat managed to end up on the wrong side of the canal and provided the other boat with a rousing chorus of Chitty Chitty Bang Bang as they passed. An evening ring at Silsden completed the last full day of the tour.

Day 8 - Saturday 25th September

Rising bright and early we rushed around swabbing the deck and emptying the bilge and generally making sure that everything was ship-shape and Bristol fashion ready for the return of the boats. Back on dry land we headed for breakfast at the same greasy spoon as we had enjoyed almost a week ago. To our dismay this proved to be the one and only lockout of the tour as it transpired that the cafe had both

been closed down and sold in the interim. A good breakfast in another establishment later, everyone set off on their various journeys home and there was the end of an immensely enjoyable tour. Thanks go to Roger and Lucy for excellent organisation and keeping track of us all for a whole week!

65th Anniversary Birthday Party

Tuesday, 12th October 2010

On Tuesday, 12th October, the UL reached the grand old age of 65 and so it was decided that there should be a proper Birthday Party to celebrate. After a bit of a panic to find a venue, Hellen came up trumps by getting us a room at the RVC to turn into a party room. Games on offer at this, quite possibly the only completely dry event in the UL calendar (all drinks were of the vile colour and fizzy variety!), included pass the parcel, musical chairs and pin the tail on the Ollyphant. After a food break to eat a large amount of crisps, jelly and ice cream, the cake was cut and we all went home (well to the pub actually) with a party bag to remember the day. Thanks to Hellen for organising a great event!

Peter Jasper

Freshers' Tour

Saturday 23rd October 2010

The day began at quarter to ten at St. Anne's church in the leafy suburb of Highgate. A rather light ring of eight at 12cwt they proved an interesting start to the day, most notably because of their poor sound quality. According to Dove's guide, all the bells had been cast in 1853 which would explain why they sounded more like rusty tin buckets. Apart from the sound they were an enjoyable ring and a source of much humour. Half ten came around and it was time for us to leave St. Anne's and venture across the wilds of Hampstead heath! There was much to see across the heath, the most notable among them was the spectacular view over London from Parliament Hill.

Our trek brought us to Christ Church in Hampstead, to our horror the door to the tower was locked upon our arrival. Luckily Mariko had foreseen this eventuality and before a full scale riot broke out she whipped out some home made cookies and peace was restored. When we eventually found ourselves in the church we were led into a children's play area with finger paintings on brightly coloured paper all over the walls. Before the UL could get messy with the paint, a ladder descended from above to which one by one we acceded to find ourselves not in heaven but the next best thing after a pub: a ringing chamber!

Another ring of eight Christ Church was noticeably heavier than the previous tower weighing in at 24cwt. The ringing here was enjoyable with the exception of one dodgy bell to which everyone tried their best to avoid - someone had to end up with it!

Once we had finished ringing at we jumped upon the next overground train and made our way to Highbury & Islington. A bit of infamous UL faffing about took place upon arrive as to where to eat, but after much deliberation it was decided to eat at the nearest place to the station: 'The famous cock tavern'. Food and drink was enjoyed by all before the third tower of the day beckoned us down the road.

In the face of one or two navigational issues on route we made it to St. Mary Magdalene's for our scheduled time of half two. The tower was a pleasant ring of eight bells at 17cwt and having been well fed and watered some good ringing was struck (apparently)! Soon it was time for us to move onto our next tower but not before a brief detour. Passing a pub on route to St. Mary Magdalene's Lizzy read ten shots for £7 in the window, excited by this prospect she proposed that we should stop in on our way to the fourth tower. Upon arrival, it was discovered that it was actually seven shots for £10 but this did not deter the UL. Shots were had and then we proceeded to St. James' in Islington. On the way it was discovered that there is a letting agency named Hotblack Desiato! If you don't get it you probably haven't lived!

We arrived at St. James' which was our final tower of the day at four. A very light ring of 6 weighing only 6cwt they provided a pleasing and trouble-free ring for the UL. The tower was a somewhat claustrophobic experience only allowing those ringing in the chamber while everyone else waited outside.

Finishing at quarter to five we proceeded to the King's Head pub for well-deserved drinks before walking down towards Angel for dinner at 8. An all you can eat gourmet Chinese buffet was laid out before us

that evening to which far too much was eaten by all! In keeping with true UL fashion the day ended in a pub not far from the Chinese which proved to be the perfect end to this year's Freshers' Tour.

Harry Baulcombe

Southern Universities Association Weekend

12th-14th November 2010

This year it was decided that it was time for the UL to host the SUA competition. What could possibly go wrong?

The Friday ringing session was at St Mary-le-Bow, people just had to get there. It turned out that Bristol went to Hart Street Church for reasons best known to them, and the rest were just late! Eventually, keys, people (including what appeared to be several tons of baggage) arrived for some ringing. It turns out that Bow are quite challenging so we rang some rounds and call changes, possibly some Cinques and fired out Cambridge Max.

Unfortunately Charles had to book the upstairs room in Ye Olde Watling quite early so people had to leave and make use of the space (shame). Eventually the upstairs was crammed to bursting point with students, who proceeded to do exactly what students do! Most people returned to the church hall after this for sleep, I presume...

Southwark Tavern o'clock chimed for others who headed with speed to this establishment to find it too full for us. The more forward thinking people, The Camden and Poodle took a splinter group to the Blue Eyed Maid for all night karaoke action. In the end I believe two of this group slept up the tower at Hart Street...

Nine o'clock on Saturday morning meant it was time for the draw. As this took so little time, three keen and enthusiastic people went to try and ring a handbell quarter at Hart Street before the competition at eleven. This failed.

After an epic wait for the judge, Simon Bond, we were off. There isn't much to say about the competition itself, apart from a band of bigheads who decided to ring 8-Spliced for their touch, which didn't fire out. The UL touches, Plain Bob Major and call changes were perfectly acceptable and allowed Harry to ring in his first striking competition.

The lunchtime gap in the Crosse Keys did not seem to help the quality of the ringing produced by most, except the Cambridge lot who were observed to be drinking coke and working!!! The six-bell competition was held at the new six at St Katherine Cree a short walk from the pub, so teams disappeared for a while to ring and returned.

The results came out as Cambridge winning everything, the UL coming 3rd and 6th in the eight bell; 4 in the six bell. The six-bell judge Tom Lawrence commented that the band who tried to ring I'd rather be in The Tavern TB Minor was awarded marks based on originality not striking!

With the formalities over, a disco was arranged in the Church hall with the usual S Club 7, Wurzels, something else that got us dancing away and a complaint to get the police involved. Oops! I cannot recall any particularly embarrassing behaviour by anybody. Only Mariko managed to win the title of Captain Vom; and Southampton went home.

Sunday morning arrived, and the hordes descended on Southwark Cathedral for service ringing, totally bemusing the tower captain, Peter Valuks. Then people set a course for home, and that was that for another year.

A big thank you should go to Charles Herriott and Rupert Littlewood for organising such a good weekend; the judges and the rector at Hart Street who allowed us to occupy the Church Hall.

Andrew Hills

Annual Dinner

26th-28th November 2010

The UL Dinner 2010 was a great event and ably organised by Clara. The weekend started well with ringing at Bow and the pub session afterwards was a stress free occasion for all involved. Well it was until Martin sent Clara a text message to inform her that he had just heard that the company who were doing the dinner the following night had just been placed in administration! The dinner was superb as usual and the speeches afterwards were made by Guy Atchison to propose the visitors, David Maynard (complete with a new song!) responding as well as The Master on behalf of the Society. The evening's disco saw the usual amount and quality of dancing to various songs that were first recorded when Roger Bailey had only just started learning his inimitable dancing technique!

Peter Jasper

Winter Tour

Saturday, 15th January 2011

The winter tour this year was on 15th January to the Northwest, specifically Apsley and Hemel Hempstead. Managing to meet at Euston at 8:45am to catch the train to Apsley we set off to ring at our first tower – St Mary's, Apsley End which were a heavyish 6 that had a link with a certain member of the society who was spotted looking very young in some photos on the wall!. A loooong walk followed to ring at St Mary's, Hemel Hempstead although it was made rather more exciting by the risky strategies adopted by some to cross the "Magic Roundabout". Finding a suitable pub for lunch we were revitalised by some beer and some very large sausages. As we left the establishment, someone cried "There's a zebra!!" which led to some general grumbling to hurry up and cross the road then. However the doubters were soon silenced by the appearance of a large and fearsome lion bounding around the corner! Hot on its heels were a tiger, two camels, a herd of muntjac and a raucous troop of squirrel monkeys. The UL were instantly scattered in panic, some back into the pub for a strong drink, while others tried to escape the stampede by simply running as fast as possible in the other direction. The Master took the lead and leapt upon the largest camel and proceeded to subdue the animals using a combination of The Pointy Finger and offering a generous round of shots to the first animals at the bar. As the lion and tiger were happily downing their 5th cherry Sourz surrounded by the prone figures of the monkeys (who as it turned out weren't as good at holding their drink) a portly figure in a peaked cap appeared and announced himself as a zookeeper who had fallen asleep on the job. Thankful to be able to get on with the rest of the tour, the UL handed the animals over to his care and left the pub. Getting back to the station we hopped back onto the train for one stop to King's Langley for our final ring of the day at Langleybury, a 6 with interesting layout meaning that the ringer of the second had to keep their backstrokes nice and tight. Getting the train back to London again, we all went to the pub as usual. (N.B. Not all of the above account is true.)

Mariko Whyte

Peal Weekend

11th-13th February 2011

Peal weekend 2012 saw the Master organise a good number of peals. The peal at Stepney on Friday night was incidentally the first Society peal of the Master's year to have been scored in England as previous successes had seen two in Germany, and one each in Scotland and Spain!). The peal itself, Yorkshire Major saw Tom Wood score his first peal and Jo Murphy, her first on 8. The following day, Hellen Richardson also scored her first peal, also of Yorkshire and at Hart Street. Tom scored his first 6 bell peal of 4 Minor methods with Laura Matheson also achieving the same milestone at Clapham on Saturday and there was further success at Clement Danes with Cambridge Royal. All round a pretty successful Peal Weekend. Well Done Lizzy.

Peter Jasper

Pancake Party

Tuesday, 8th March 2011

The UL Pancake Party saw a small, but select group of UL stalwarts ensuring that all supplies of fatty foods and other items that need to be given up for Lent were used up in the traditional manner before the annual fast until Easter started (or, for the slightly less religious, a good excuse to eat pancakes and drink heavily!). The batter was provided by Rupert and Jenny with the vast majority of the cooking completed expertly by Rupert who is obviously very well practised at tossing.

As well as the traditional lemon and sugar topping for the pancakes, there were huge numbers of mini sausage rolls, crisps and ice cream (the latter of these doesn't work brilliantly on paper plates in a warm room, but was rather a lot of fun nonetheless)! Other pancake fillings included bolognaise and cheese, as well as nutella, sliced mangos and most popular of all must be LL's genius contribution of condensed milk and chocolate stars, possibly the sweetest pancake topping in the world...ever and surely from this year forth, a regular UL pancake topping!

Fortunately, there was no repeat of the infamous "Dirt Pancake" this year although that may have been more to do with the fact that Rupert's boss came along to the party as well (don't worry, the usual "battlelines" were drawn up with ringers and non-ringers sitting on opposite sides of the room (with the UL nearest the food) and neither side interacting too much with the other)!

I believe there were plans to use a Paella Pan to flip the UL's largest ever pancake, but I think Jenny, quite sensibly, put her foot down on the inevitable mess this would have caused. The Pancake Party also gave a chance for us all to say goodbye to Laura for whom this was her last UL event before jetting off to the Solomon Islands for "work" in the South Pacific.

A huge thank you is due to both Rupert and Jenny for organising an excellent party where the only major destruction to their property was a row of coat hooks being knocked off the wall, wedging itself against the front door in the process and keeping Rupert out of his own house temporarily! I look forward to Pancake Party 2012!!!

Peter Jasper

Easter Tour – South Wales

8th-10th April 2011

The 2011 Easter Tour saw a select group of UL members venture abroad to the other side of the Severn Estuary and visit the Land of Jones. As well as the ringing at the beautiful Abergavenny, the UL went down the Big Pit coal mine involving dressing up in mining clothes and getting a miner's lamp to play with as well! The following day saw us head to a steam railway (mainly to keep Nick Jones quiet) as well as ringing at Merthyr Tydfil before heading back for a cheeky drink with the OUS (who had their outing in Devizes on the same weekend) on the way home. Thanks very much to Mariko for organising a great tour.

Peter Jasper

Tewkesbury Shield

Saturday, 7th May 2011

This year's Tewkesbury Shield saw the test piece being a touch of 360 Grandsire Caters. Their comments on each team were as follows :

Team 1 (Hereford Diocesan Guild, peal speed 3h 20m): the ends of the changes were a little variable, with either bells in 8-9 stretching out or the tenor driving in. Small problems at the end of 13th and 15th leads. The little bells were rung well;

Team 2 (Derby Diocesan Association, peal speed 3h 35m): the slowest ringing of the day. Very strongly controlled piece of ringing with a good beat set by the tenor. Reverse rounds were untidy! Such small hesitations as there were caused little or no disruption;

Team 3 (Winchester and Portsmouth DG, peal speed 3h 19m): a more positive pace, but with a shaky start. Best ringing of the piece came in the middle section, apart from the musical half-way course end;

Team 4 (University of London, peal speed 3h 23m): recovered nerves and completed test piece after a catastrophic practice. Tenor a little sluggish. Accrued faults throughout;

Team 5 (Oxford Society, peal speed 3h 34m): another steady paced piece. Like the curate's egg, excellent but only in parts. Possibly a method mistake at the start of the 16th lead. The leading was a little inconsistent;

Team 6 (Worcestershire & Districts, peal speed 3h 30m): a piece with an uncertain rhythm. Some bells trying to push it along, others holding back. Consistent accrual of faults. Two emergency sirens during this piece and the birds in our garden certainly seemed to sing loudly!

Team 7 (Oxford Diocesan Guild, peal speed 3h 25m): a piece that failed to fulfil its initial promise, although rung at a confident pace. Small error at the beginning of the 15th lead;

Team 8 (Bath & Wells, peal speed 3h 32m): another piece with an uncertain pace that never fully settled. Unfortunately, many of the faults were accumulated by two bells;

Team 9 (Gloucester and Bristol, peal speed 3h 17m): the fastest ringing of the day. Brisk and confident, a band with a common purpose. There were however minor inconsistencies throughout. Enjoyable nonetheless. The results were:

- 1st Derby DA (66 faults)
- 2nd Gloucester & Bristol (76 faults)
- 3rd Oxford Society (88 faults)
- 4th Oxford DG (103 faults)
- 5th Winchester and Portsmouth DG (110 faults)
- 6th Hereford DG (116 faults)
- 7th Bath & Wells (129 faults)
- 8th Worcestershire & Districts (148 faults)
- 9th University of London (174 faults)

Hmmmm springs to mind, Better luck next year!!!!

Peter Jasper

Peals Rung for the ULSCR in 2010-11

BONN, Germany, Talstrasse 5, Muffendorf

Friday 4 June 2010 2h24 (size 13)

5120 Spliced Surprise Major

(4 methods: 1440 Lincolnshire; 1280 each Cambridge and Yorkshire; 1120 Rutland; 74 changes of method, all the work)

Comp. John S Warboys

1-2 Nicholas W Jones

3-4 Michael J Trimm (C)

5-6 Roger Bailey

7-8 Brian P Diserans

First peal at the venue.

Acknowledgements

Thank you very much to everybody that has contributed to the production of this report either by writing up one of the events, ringing in a peal or quarter or serving on the committee during the year. We have made it to the end of 65 years of university ringing in London. Here's to the next 65!

Peter Jasper on behalf of Elizabeth Stokoe
